On October 28 , 2014 , Horacio SALINAS Jr. applied for entry into the United States (U.S.) from the United Mexican States at the Port of Entry, Pharr, Texas (POE Pharr). SALINAS was the driver and sole occupant of a red 1995 Nissan pickup, displaying Texas license plate BA5-7679. SALINAS told the primary officer, U.S. Customs and Border Protection Officer (CBPO) Gabriel Garcia that he went to Mexico to get some work done on his pickup, since his intention was to use it for his pest control business. SALINAS was referred in for further inspection after an alert referencing the defendant.

In secondary, SALINAS stated to secondary officer, CBPO Israel Rodriguez that he purchased the vehicle for \$1500.00 (USD) because he needed the vehicle for pest control. SALINAS had gone to Mexico to buy dog food. While in Mexico, SALINAS stated his vehicle was having transmission problems so he decided to have it repair in Mexico because it was cheaper than in the U.S. CBPO Canine Enforcement Officer (CEO) Efrain Hernandez utilized his Narcotics Detection Dog (NDD) to conduct a canine sweep of the pickup. The NDD alerted to the odor of narcotics emanating from the right rear wheel well. The pickup was then x-rayed, and the image obtained from the x-ray system revealed an anomaly within the left rear wheel well.

Homeland Security Investigations, McAllen, Texas (HSI McAllen) Special Agent (SA) Eduardo Casas was contacted and responded to the port of entry. Subsequent search of the vehicle by the CBP Officers led to the discovery and removal of 46 bundles of marijuana with a gross weight of 76.42 kilograms concealed in the bed area. A sample of the marijuana was field test and tested positive for marijuana. SA Casas read SALINAS his Miranda

Rights. SALINAS stated he understood h is rights and requested an attorney. Therefore, the interview was ended.
